

Year 3 – Moving Santas

Autumn 2

We are learning about:

- objects that use air to make them work
- simple pneumatic systems

We are learning to:

- . examine, sketch, label and/or describe a variety of objects that use air
- . make a variety of simple pneumatic systems according to given instructions
- . to develop ideas about the use of pneumatic systems in a moving monster toy/model
- . design pneumatic systems for a given toy design
- . build pneumatic systems according to given instructions
- . create their moving monster, referring to my design
- . demonstrate and evaluate my finished product

Vocabulary:

pneumatic, design, evaluate, prototype
