

# Year 1

## Spring 2

### Science - Seasonal change

### We are learning about:

- **changes associated with Winter/Spring** (observe changes across the four seasons, including changes in plants/animals. Observe and describe weather associated with the season – rain, clouds, wind, temperature and how day length varies)

### We are learning to:

- **ask questions in science lessons** (to be able to ask simple questions and recognise that they can be answered in different ways)
- **observe** (to be able to identify objects)
- **collect information** (to be able to gather and record data to help answer a question)

### Vocabulary:

- four seasons, weather, day length
