

Yellow Class Newsletter

Spring

Welcome back everyone! We hope that you had a restful break and are ready for the spring term.

Our topic for Spring 1 is 'Once Upon a Time'. We will be learning about traditional tales and recreating them ourselves through role play and small world experiences!

In Spring 2, we will be learning about nature as we explore the topic 'Ready, Steady Grow'.

Our phonics lessons have been a huge success and the children are developing their confidence when reading and writing. Soon, they will be writing their very own stories! This term, we will begin learning about phase 3 phonemes. You can find more information about this on the Little Wandle Letters and Sounds website. <https://www.littlewandlelettersandsounds.org.uk/resources/for-parents/>

We will continue to learn about subitising to 5 in maths. Subitising is our ability to recall the quantity without counting (games that involve dice support this learning well!). We will also be comparing groups of objects (up to 10) and counting to 20 and beyond!

Spring Home learning –

Read 5x per week

Complete 20 minutes on Numbots

Complete the phonics home learning sheet in your home learning book

Complete an activity from the home learning grid.

Please note that our PE days will be Tuesday and Thursday.

We look forward to another term of excellent learning!

Mrs Hume and the Yellow Class team
