

Wednesday 11th October 2023

Dear Parents/Carers,

Our annual 'Maths Week' is the week beginning 30th October 2023. This week the children will enjoy a range of fun mathematical activities and competitions.

On **Tuesday 31st October** maths will take on a spooky theme. On this day **children can come to school in fancy dress** if they wish to do so. *(Please ensure that costumes are appropriate for a primary school)*

Wednesday 1st November is all about being a maths detective. From exploring maths around us in our school environment to cracking codes.

Thursday 2nd November, is **maths dress up day**! Children can come to school in maths fancy dress, as a times table Rock star, a numbot robot or a number block. In school, the children will be battling it out on TTRS and the young children designing their own Great Scrapheap Botathon Trophy.

Friday 3rd November, will have fun learning through participation in active maths games.

Looking forward to a wonderful week of Maths fun!

Kind regards

Mrs M Green
Maths leader
