

Dear Parents and Carers

Next term, Year 6 will be learning about bridges in our design and technology lessons. To further develop our understanding and experience of this area of work, we will be visiting **The Science Museum** on **Thursday 14th March 2024**. This will be a self-led visit around the museum and we will be focussing on engineering. It will be a great opportunity to apply our learning from this unit of work and gain a deeper understanding of theories on force and strength of support structures

We will travel to the museum on public transport and will be back at school for the end of the school day at 3:10pm.

There is no cost for this trip.

Your child will need to bring a **packed lunch, water bottle and a warm coat**. All children are required to wear their normal school uniform, including school jumper/cardigan and school shoes (**no trainers**).

If you would like to order a school provided packed lunch, please email confirming your child's name, class and trip to info@morden.merton.sch.uk by **Friday 23rd February** We cannot accept any lunch orders after this date.

Educational visits are a great opportunity for children to extend their learning beyond the classroom and apply skills they have learnt in school in a different context. School trips also help children to develop the values of responsibility and independence as they learn to represent themselves outside of school.

Please speak to the office if you are able to accompany us on this trip.

Kind Regards,

Mrs Torreiro
Year 6 Teacher and Phase 3 Leader
